

# CREATING WITH COLOR

# A SWATCH GUIDE

Color is incredibly important to us. We hand-select swatches for versatility and compatibility and offer a high level of color customization, down to the thread, so your interior space has the perfect tone. If desired, our hue-matching can align Pantone color across finishes to create seamless products with depth and cohesion.

## COLOR IS A POWERFUL DESIGN TOOL WE MAKE SURE YOU CAN USE

We understand that the right combination of colors can transform a space into an experience. Our selection of materials is informed by design thinking—tailored to harness the transformative power of color in our acoustic + lighting systems.

We believe that color not only greatly influences the overall look and feel of a space, but also contributes to a better quality of life.

Our vision at Sabin is to offer color selections that enable creativity and contribute to better human interaction, that ultimately achieve better designs and better experiences.

## CREATE BETTER HUMAN INTERACTION

See below for our color selections. Contact [Info@Sabin.Design](mailto:Info@Sabin.Design) for additional selections to meet the needs of your project. Colors are subject to slight variation.

### PET FELT

### PIPING (OPTIONAL TRIM FINISH FOR CYLINDER, OBFORMA, QUAD, OR TRI)

### ELECTRICAL CORD | AIRCRAFT CABLE

### SUSPENSION STRAPS

# CURATED COLORS,

Our colors are curated to lead to naturally optimal configuration. Felt, trim, cord, cable—and even thread—can all be mixed and matched.

The Sabin team takes care to choose colors that represent a span of value, hue, and saturation to enable creativity. There are endless schemes that designers can construct that utilize warm and cool tones, that can be monochromatic, analogous, complementary, triadic, tetradic, or contrasting.

# CURATED MOODS

Based in color theory and inspired by nature, our colors can combine into palettes that satisfy a range of moods.

Our range of color options allow designers to create spaces that are visually appealing and emotionally evocative. Whether it's bold, calm, bright, elegant, moody, natural, comfortable—and more—we aim to offer a diverse range of color that can be endlessly combined to suit your needs.
